Love God, love yourself, love one another

Dear Parents and Carers

Year 6 led the first class assembly of the new school year and set a high standard for other classes to follow. The topic was Water and the children presented a role play, a video of their interviews with staff about water, posters, and singing. They reminded us of what an important resource water is and how necessary water is to sustain life. Well done Year 6!

We are having a major focus on raising the standard of teaching and learning in Science this year. In order for teachers and teaching assistants to be trained to use our new exciting science scheme 'Snap Science', there will be a training day on Friday 20th October and school will be closed.

Next week there will be a uniform check every day to ensure that all children are wearing correct uniform. Please could you ensure that your child brings a PE kit (and swimming kits in Year 4) on the correct days. Curriculum newsletters were sent home yesterday and have these details. Children will not be able to join in PE lessons unless they have a change of clothes. Some younger children are wearing their PE kits under their school uniform. This is not helpful as the child gets hot and doesn't learn to change their clothes independently. Please **do not** send your child to school wearing their PE kit.

Best wishes
Nicola Horton
