Love God, love yourself, love one another

Dear Parents and Carers,

We have had a wonderful week of learning and excitement at SPSL! Ms Jerdee -Krebbers Year 5J class teacher, organised a fantastic science WOW day on Monday which started with a very exciting assembly. During the day, teams of children participated in 5 science activities ranging from *make your own lava lamp*, to *exploding coke bottles*, *chromatography* and more. The children learnt about the different areas of science such as chemistry, physics and biology and were introduced to the different jobs scientists can have such as zoologists, astronomers, ecologists, palaeontologists and more. We hope we've inspired children to love learning about science and even to want to be scientists when they grow up!

Thank you Ms Jerdee-Krebbers for such a great day of learning about science and for organising trips to the Science Museum for Key Stage 1 and Key Stage 2 classes this month. Nursery and Reception have had their own science WOW week with science activities happening every day in their classes. We will now be teaching science using our new science scheme which we are all excited to start.

Today we celebrated Black History Month with a special assembly and parties.

Best wishes
Nicola Horton
