What is your child's ethnic group?

Our ethnic background describes how we think of ourselves. This may be based on many things, including, for example, our skin colour, language, culture, ancestry or family history. Ethnic background is not the same as nationality or country of birth. The Information Commissioner (formerly the Data Protection Registrar) recommends that young people over 11 years old have the opportunity to decide their own ethnic identity. Parents or those with parental responsibility are asked to support or advise those children aged over 11 in making this decision, wherever necessary. Pupils aged 16 or over can make this decision for themselves. Please study the list below and **tick one box** only to indicate the ethnic background of the pupil or child named above. Please also tick whether the form was filled in by a parent or the pupil.

Any information you provide will be used solely to compile statistics on the school careers and experiences of pupils from different ethnic backgrounds, to help ensure that all pupils have the opportunity to fulfil their potential. These statistics will not allow individual pupils to be identified. From time to time the information will be passed on to the Local Education Authority and the Department for Education and Skills to contribute to local and national statistics. The information will also be passed on to future schools, to save it being asked for again.

*To be considered under this criteria the acute medical or social need **MUST** relate directly to the child applying for the place. *If the child currently attends the school's Nursery please be advised that the Governors on the Admissions Panel will not be made aware of any extenuating school circumstances or information that the Nursery Staff hold. The onus **MUST** be on the applicant to provide **ALL** the evidence necessary.*

The Admissions Panel will need to agree that to refuse to offer the child a place would cause significant difficulties for the future education of the child concerned.
