

NEWSLETTER W/E 14th June 2024

Dear Families,

This week the children in year one sat the phonic screening check while our year four children completed the multiplication tables check. We are incredibly proud of all of the children's attitudes and resilience. School continues to provide a balanced and broad curriculum for all of the children, from gardening to expert coaching, in addition to this teachers work hard to ensure that the children are prepared and ready for the statutory assessments. We would like to take this opportunity to thank all of the staff that have supported during this time for their hard work and efforts.

Returning back from half term both children and staff have been enjoying the new school menu. The smell of freshly baked bread fills the dining hall while yesterday we had a delicious curry that was enjoyed by both children and staff. Speaking with the school council members today, a clear favourite is the Jerk chicken served with rice and peas – Yummy!

SCHOOL NOTICE BOARD

In a remarkable achievement, our local school has been recognised for its commitment to promoting health and well-being among its students. The school, through its diligent efforts and active participation in the Sugar Smart program, has been honoured with the prestigious Healthy Living Award. Miss Begum, attended the award ceremony at the town hall to receive this accolade on behalf of the school.

A key component of this initiative was the Sugar Smart program, which focused on educating children about the dangers of excessive sugar consumption and encouraging healthier dietary choices. Through interactive workshops, engaging lessons, and hands-on activities, students learned about the impact of sugar on their bodies and the importance of maintaining a balanced diet.

The school's collaboration with Healthy Living Schools and its success with the Sugar Smart program serve as an inspiring example for other institutions. It highlights the significant impact that dedicated educators, engaged students, and supportive initiatives can have on fostering a healthier, more informed community.
