Half term	Monday 26th May 2025—Tuesday 22nd July 2025
Term 6	Monday 2nd June 2025—Tuesday 22nd July 2025
Inset days, school closures and key dates Monday 2nd September 2024 Tuesday 3rd September 2024 Monday 6th January 2025 Tuesday 7th January 2025 Inset Day 5: Date TBC SATS week Monday 12th—Friday 16th May 2025	

Literacy

We will start the year by looking at stories set during WWII including Rose Blanche and Anne Frank. Pupils will be writing diary entries, persuasive letters, biographies and first person narratives. For reading, the book we will focus on is Cogheart where we will be practising our various reading skills. In our grammar lessons, we will be focusing on developing our use of cohesive devices and in our punctuation lessons we will focus on semi-colons, colons and dashes to mark independent clauses.

Maths

In Maths we will be working on 7-digit place value, addition, subtraction, multiplication and division word problems, fractions, percentages as well as angles and lengths.

DT

Our topic for this term is 'Food & Nutrition' and we will be thinking about whether street food can save us. We will focus on culinary skills and techniques and evaluate our final outcomes.

Art

This term we will look at examples of surreal art with a focus on the artist Frida Kahlo. We will sketch self-portraits and add in surreal art into our portraits.

Music/PHSE/MFL & Computing

During music the children will be learning about tone and pitch. In PHSE they will be learning about themselves and what makes them unique. All children will be learning French during Modern Foreign Language. The children will use their IT skills to code and learn all about computer hardware and how to use different programmes.

RE

Our RE themes for this term are:

- The journey of life and death.
- Remembrance.
- What does Christmas mean to Christians today?

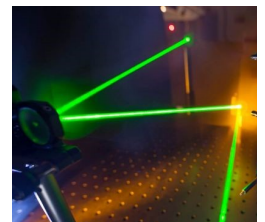

PE

Our PE lessons are on **Fridays**. In addition, we will have a West Ham coach coming in on **Wednesdays**. Please ensure your child wears their PE kit to school!

Science

In Autumn 1, we will be learning about electricity—exploring components, circuits, resistance and problem solving. During the second half term, we will learn about our circulatory system; the component of blood, why our body needs nutrients, the function of our heart and learning about scientists who made discoveries about the circulatory system.

History— World War II

Our big question for this unit is 'How did conflict change our local area in World War 2? We will look into why and how the war started, where the airbases were located and how do we remember those who defended our country.

Geography

In the second half of this term, we will be learning about earthquakes, mountains and volcanoes. We will explore where they are located and how they occur or form.

Homework

Homework will be set on Fridays and children will have until the following **Wednesday** to complete it.
